Trustee Message

In the year 2019-20, **JAN SUKH SAGAR FOUNDATION** continued its untiring efforts and focused assisting the underprivileged sections of trust in most deprived regions through emergency response on Health, Nutrition, Food Distribution, Quality Education, Human Rights, Senior Citizen Welfare, Women Protection from Domestic Violence, Child Protection, Humanity Services, Self Defense, Skill Development, and Environmental Protection. Target communities were actively engaged through participatory approaches to ensure evenness and self-reliance.

JAN SUKH SAGAR FOUNDATION excessively contributed to organizing communities and educating them for assertion of their rights.

We have completed another year of rendering services to affected and marginalized communities for reducing their miseries. It gives me an immense pleasure to mark this period a successful journey.

I am grateful to the **JAN SUKH SAGAR FOUNDATION** team and our partners i.e., local communities, government line departments, NGOs, and funding agencies for their commendable support and trust in our abilities to deliver through implementation of the diverse projects.

Platform Activities

❖ Awareness Program for Government Welfare Programs

JAN SUKH SAGAR FOUNDATION

has been conducting meetings in the community for creating awareness for Government Welfare Programs and its purposes. Through these programs Indian citizens giving them the rights to access information and services they need from government. Because ignorance and lack of knowledge of the rural/slum people who were often deprived of their rights and incurred huge transactional costs for making several visits to access info/services from public offices for issues related to their livelihood security and basic needs. With the help of these programs the people are seeking information from various authorities in order to ascertain and verify the truth.

❖ Basic and Primary Education Awareness Program

JAN SUKH SAGAR FOUNDATION is an NGO that works for the welfare of poor children in India. Children are the future of a nation. Education for poor children is a dream mission for the organization. It focuses on basic education for poor children and youth and makes it possible for an individual to sponsor the cost of education or total. Children are entitled to a free, quality basic education. Recognizing this entitlement is necessary to be known by every child of our nation.

In continuation with its goal of "Education for All", **JAN SUKH SAGAR FOUNDATION** has been running free tuition centers for marginalized children. The organization has been working for improvement of educational status of rural and tribal poor. From the last few years, it has been running free tuition centers at Bundelkhand and Jhansi for rural and SC/OBC students. We, apart from providing education to poor children, also analyses vulnerability situation of those children. In the targeted areas, SC/ST community of people stays in distant colonies from the main village. Most children in our target communities are studying in government schools.

Free Food Distribution & Feeding to Poor Peoples

Coronavirus disease (COVID-19) is an infectious disease caused by the SARS-CoV-2 virus. Most people who fall sick with COVID-19 will experience mild to moderate symptoms and recover without special treatment. However, some will become seriously ill and require medical attention.

JAN SUKH SAGAR FOUNDATION has distributed free Dry ration in various parts of Delhi to provide help to poor peoples during the pandemic.

❖ Covid-19 Free Mask Distribution & Vaccination Awareness Program

Measurement of the population's general knowledge of the coronavirus vaccine is very important to improve public acceptance and decrease vaccine hesitancy in confronting the disease. This study aimed to evaluate the knowledge, attitude, and practices of the participants towards the coronavirus vaccine. The hesitation towards vaccination with the COVID-19 vaccine remains a problem worldwide. Lack of clinical trials for the vaccine, fear of vaccine side effects, and rumors of the presence of active viruses in vaccines are some leading obstacles that obstruct the success of the COVID-19 vaccine campaign. Vaccine hesitancy is a major obstacle in the face of the COVID-19 vaccination programs.
